APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: This permit is issued subject to all existing rights on the source. Since the source of this water is the Boulder City Sewage Lagoons such waters are classed as "waste waters." Therefore, the permit granted herein carries with it no provision or guarantee for the continuous use of such waste. This permit is issued only for municipal development purposes as the water to be appropriated hereunder is unfit for domestic uses. It should be recognized that while this water may be lawfully used under the above conditions no right of continuance or regularity of flow can be acquired except by agreement or contract relation with the owner of the sewage treatment facility. Nothing in this permit shall be taken to infer the granting of any right of ingress and egress to the permittee.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 9.0 cubic feet per second.

Actual construction work shall begin on or before October 3, 1968

Proof of commencement of work shall be filed before November 3, 1968

Work must be prosecuted with reasonable diligence and be completed on or before October 3, 1969

Proof of completion of work shall be filed before November 3, 1969

Application of water to beneficial use shall be made on or before October 3, 1971

Proof of the application of water to beneficial use shall be filed on or before November 3, 1971
